## M20 Footbridge Balustrade

---

Photo by Thomas Cogley

The design had to meet the rigorous requirements for highways structures and the architect's exacting standards. The handrail incorporates LED lighting for good night visibility without obstructive street lamps.

**Client:** Zephyr Group

**Overall Client:** Kent Council

**MSJ Commission:**  
**Design of balustrades**

A new iconic footbridge has been built over the M20 motorway near Ashford in Kent. MSJ were commissioned to design the feature stainless steel balustrade.
